Age: Young

Reward:

Location: Morrisville, 1533 Summit West Dr

Description: Willow went missing on her first birthday July 3, 2022 around 1:30am.

Someone shot off fireworks and ran over made her bolt and ran so far with each firework.

Willow is a 60lb Old English Sheepdog, white and gray markings and no tail. We went out during the night to potty and someone lit fire crackers and she immediately bolted. To make matters worse, I had only a leash around her neck since we were just going potty. That was last Sunday July 3rd around midnight - 11ish. We're off Chapel Hill Rd and Weston Parkway in Morrisville. I've only had her for about 2 weeks. She's been terribly abused, I'm just so heart broken. She came to me with mats all over body. My vet sedated her to shave most off but she had another appt to remove the rest of the mats this coming Wednesday. Willow is afraid of just about everything, especially older men and children. She doesn't have an aggressive bone in her body, she's just a very shy sweet puppy. She loves her Dollie's and pigs ears and buries them in her bed, see video. Please help me find her.
