

# Lost Pet

**Gizmo**

**Breed/Type:** Russian

**Gender:** Male

**Age:** Senior

**Reward:** yes

**Location:** Cary, 114 Cibola Dr

**Description:** Message from Owner: He got out in 2018 and was lost for 2 months and was thankfully found, he apparently didn't learn the lesson to not go outside. Our children have grown up with him and would be heartbroken to not see him again.

Description: He should have an orange collar (but it is a safety one so it could pop off). He is all grey with a teeny tiny white dot on the back of one of his ears and a very very small white circle on his neck. His tail is grey but has a slightly darker grey stripe pattern going up and down. He is an indoor cat.

He is VERY friendly and answers to Gizmo. He is chipped and is up to date on shots.
