

Found Pet

Breed/Type: Domestic Short Hair

Gender: Unknown

Age: Adult

Reward:

Location: Cary, Keithwood Lane

Description: White cat with very distinctive black (very deep grey?) head markings, solid black tail and a heart shape on its side. Medium sized adult but unsure of sex. Skittish but very friendly when food is offered and does not seem feral. Cat is new to our neighborhood in the past few weeks or so. Will try to trap and scan for chip when we gain itâ€™s trust but providing it with food and shelter for now. Hope to find its owners!
