**Location:** Franklinton, Hwy 96 and Pebble Creek Dr

**Description:** FOUND: this sweet and friendly male dog. He walked up to our driveway at 12:30am early Saturday. We live in a subdivision in Franklinton off of Hwy 96.

He's tan and white in color. All 4 of his paws are white. He has droopy ears and long tail that curls up. He stands about 2 ft tall on all fours. He has a Beagle look to him with a Ridgeback, and short hair. He had a pink/reddish collar and was dragging a 3 ft chain with him like he had broke off of something. He's very bony and looks malnourished. He is super loving, friendly, and energetic. He may have been missing for a long time now?
