

# Lost Pet

**Chico**

**Breed/Type:** Chihuahua

**Gender:** Male

**Age:** Senior

**Reward:** yes

**Location:** Cary, 1034 Ivy Lane

**Description:** He went missing out of my yard late last night. I think a bird of prey may have carried him off, but there is a possibility he may have gotten out of the fence. Hope springs, so I'm posting here just in case. He's very sweet and friendly; however, could be very traumatized right now.
