

Found Pet

Unknown (we are calling her Orphan Annie)

Breed/Type: Labrador

Gender: Female

Age: Adult

Reward: no

Location: Raleigh, 5365 Bartram Pl, Raleigh, NC

Description: She is wearing a collar with cupcakes on it. She is very sweet, house trained, and great with other dogs and kids. She seems to love walks, and primarily lays around. She also loves for her belly to be rubbed. Overall looks like she is in good shape. She may have some hip issues as she has a hard time getting up/ down hardwood stairs.
