

Found Pet

Breed/Type: Other

Gender: Unknown

Age: Adult

Reward: no

Location: Raleigh, 436 Talmage Street

Description: This cat has been wandering my neighborhood for several months, and they come to my home to eat every single night. I lured her inside my home because a cat was recently attacked by a dog in my neighborhood. They are good around other cats, but has been shy/timid since I brought her into my home.
