Description: LOST DOG!!

We brought home a very shy foster dog today and she ran off into the woods behind our house. She is a red Merle mini Aussie, wearing a royal blue harness and dragging a royal blue long line (unless she got out of it). She is microchipped with the rescueâ€™s contact info. Her name is Ellie but she will likely not come to you. Let me know if you see her or have her! She ran off in the Pilot area of Zebulon between Clyde Pearce Road and Old 64.
