

Found Pet

Breed/Type: Unknown

Gender: Female

Age: Young

Reward:

Location: Youngsville, NC Hwy 98

Description: Small, young female black and tan hound mix found on a drive from Nashville, NC to Youngsville NC. Very friendly but thin and has obviously been on her own for a while. No collar and we have not been able to take her in to check for a chip yet. While she looks young she has obviously had at least a litter of pups in the past. I am guessing at the location I picked her up since I didn't pay attention at the time, but she was found next to farmed fields just outside of Youngsville.
