

Lost Pet

Roper

Breed/Type: Other

Gender: Female

Age: Adult

Reward: yes

Location: Apex, Near Hwy 64, near the Wake/Chatham Co Line

Description: She is a dark red/brown sable English Shepherd with white collar & chest, 4 white stockings of varying length, white muzzle, small white blaze and white tip on her tail. She stands just a little over 21" at the shoulder and just under 50 pounds - very athletic. She was wearing a multi-colored collar with ID tags. She is also microchipped.

At the last sighting, her collar had been changed by someone to a red collar with a flat plate ID tag attached to the collar. Contact information on this ID plate does not belong to me.

Reward for information leading to the safe recovery and return of Roper.
