Description: Found this small white, in tact male dog last night in a neighborhood called Andover at Crabtree(off of Pleasant Valley and Milbrook near Glenwood) on 09/23/2023 around 9:30pm - 10:30 pm. We checked to see if he has a chip and he does not. The vet said he has something that is called "cherry eye" in both of his tear ducts. He knows basic commands, is super friendly and walks well on a leash so we have to assume he comes from a loving home that is searching for him! Please help us find his family! We have to turn him into the Wake County Animal Shelter, since we are moving apartments soon! Please look for him there!
