**Breed/Type:** Unknown

**Gender:** Male

**Age:** Unknown

**Reward:**

**Location:** Raleigh, 5001 Western Blvd.

**Description:** Found white small hairless dog. Male and not neutered. He was wearing a dog shirt and was covered in fleas and emaciated so must have been missing for a while. He is recovering well in our care. His hair is slowly growing back but the vet thinks he is a chinese crested so he may remain mostly hairless.
