

Found Pet

Unknown

Breed/Type: Mixed

Gender: Male

Age: Senior

Reward: no

Location: Cary, East Ferrell Road

Description: Sweet black male dog, appears to be a lab mix. Very gentle, about 45lbs, was wearing a collar but had no identification. Found wandering along E. Ferrell Rd in Cary around 4:45pm. Took him to a vet to scan for a microchip but none was found. Went back to E. Ferrell Rd where I found him and knocked on several doors asking if they knew who he might belong to, but nobody knew him.
