

Found Pet

Breed/Type: Maltese

Gender: Female

Age: Unknown

Reward: no

Location: Garner, 1900 Garner station blvd

Description: Sweet and well trained. Stopped outside spca by someone trying to surrender her who also had been handed the dog days earlier. I feel like someone may be missing her and needed to make sure it was truly someone giving up their dog and not a lost dog being passed around. She's not chipped so scanning didn't help. If anyone thinks she may be yours please email me.
