**Location:** Raleigh, 7940 Mountain Falls Court

**Description:** There's been a grey/orange/white cat in the woods near my apartment since 3/11/24. It seems to have a fair amount of white on its face. I tried to get closer to take a better pic, but it scampered behind something. I don't know if it's a stray or it belongs to anyone - it is laying peacefully on the side of a hill in the forest every time I notice it.
