

Found Pet

Breed/Type: Mixed

Gender: Male

Age: Senior

Reward: no

Location: Raleigh, 2900 Ashwell Ct, Raleigh, NC

Description: He's an older pup with a black and tan coat. Unfortunately a lot of his fur has fallen out due to malnutrition. His nails are extremely long and it looks like he's been missing a long time, probably years.

We're keeping him fed and watered. He spent last night on a blanket in our bathroom.
