

Lost Pet

Breed/Type: Domestic Short Hair

Gender:

Age: Young

Reward: no

Location: Oak Grove, 408 Gladstone Dr

Description: Spotted it outside on Gladstone drive. Gray tabby, looks like maybe something wrong with left eye. Pretty small, but can't tell if malnourished or just on the skinny side. Offered some food, with some hesitation approached and let me pet it briefly. Fur is short and coarse. Left the garage cracked with some food and water in case it didn't have a place to sleep, based on my ring alerts she was there from 11:30pm-5am

Physical features that are hard to see in pics:
