MESSAGE FROM OWNER

Owner is out of town, friend who's cat sitter hasn't seen him since Saturday night with evidence around hse to suggest might have escaped. He knows his name really well and does not like to eat around others. Holmes is ~12-15 lb long haired cat with a flt and wide nose, bushy tail, multi-colored paw pads, mostly white stomach, and darker tabby back with some orange outline. He will likely approach if his name is called.
